FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter having come before the Kittitas County Community Development Services for the Zoning Setback Variance (VA-12-00004 from Gerald Bramstedt, landowner and applicant, to reduce the side yard setback from 15feet in the Urban Residential zone to 10 feet makes the following Findings of Facts, Conclusions at Law and Decision related to the above referenced matter:

1. Community Development Services finds that Gerald Bramstedt, landowner and applicant, submitted a zoning setback variance application on August 20, 1012. A Notice of Application was issued on August 23, 2012. This notice was mailed to government agencies, adjacent property owners, and the applicant as required by law.
2. Community Development Services finds that the site proposed for the zoning setback variance is 3007 North Pioneer Road, WA in a portion of Section 26, T18N, R18E, WM in Kittitas County, bearing Assessor's map number 18-18-26-26050 0009.
3. Community Development Services finds based on the criteria outlined in Title 17.84 of the Kittitas County Code, that the proposed setback variance application **has not** demonstrated that:
 - a. Unusual circumstances or conditions apply to the property and/or the intended use that do not apply to other property in the general area.
 - b. Such variance is necessary for the preservation and enjoyment of a substantial property right of the applicant possessed by owners of other properties in the same vicinity.
 - c. That authorization of such variance will not be materially detrimental to the public welfare or injurious to property in the vicinity.
 - d. The granting of such variance will not adversely affect the realization of the comprehensive development pattern of this area.
4. Community Development Services finds that the granting of the proposed setback variance **will**:
 - a. Be detrimental to the public health, safety, and general welfare;
 - b. Adversely affect the established character of the surrounding vicinity and planned uses; or
 - c. Be injurious to the uses, property, or improvements adjacent to, and in the vicinity of, the site upon which the proposed use is to be located.
5. Community Development Services finds the granting of the proposed zoning setback variance is **not** consistent and compatible with the intent of goals, objectives and policies of the comprehensive plan, and any implementing regulation.

Based upon above mentioned Findings of Facts and Conclusion of Law the Bramstedt zoning setback variance (VA-12-00004) is hereby **denied**.

Robert "Doc" Hansen, Planning Official
