Good afternoon Jeremiah,

DNR Southeast Region Forest Practices appreciates the opportunity to provide comments on this matter. Information provided in the setback variance application indicates that the property owner proposes to build a house with related septic drain field. This undeveloped property is approximately 3 acres in size and appears to be primarily forestland, so we would like to formally note that an approved Class IV-General Forest Practices Application (FPA) will be required, prior to any timber harvest, stump pulling, road construction, or similar ground disturbance activities.

If the proponent or anyone at Kittitas County would like to discuss, we are happy to do so.

Best regards,

Shane Early
