17B.16 Lifting of forest practices six-year development moratorium

The purpose of this section is to provide criteria and a process for lifting a forest practices six-year development moratorium under certain circumstances. It establishes a public notification process, with criteria and standards by which the board of county commissioners may lift a six-year development moratorium.

A. Process For Lifting A Forest Practices Six-Year Development Moratorium. Any person who intends to convert property which has been logged pursuant to a Class II, III or IV special non-conversion forest practices application or notification, or without any such application or notification, from forestry use to another use, shall notify the director in writing of such an intent and filing of a development application as provided for by Kittitas County Community Development Services.

B. All submitted applications shall be processed consistent with Kittitas County Code 15A.

C. The director shall review the request for conversion, any comments received, standards of Sections [17B.12](#) 'Review by Director' and subsection (B) of this section, and inspect the property prior to setting a public hearing before the board of county commissioners.

D. Criteria. The board of county commissioners may lift a six-year development moratorium only upon finding that each of the following criteria has been met:

- (1) Lifting the moratorium will not be detrimental to the public health, safety,

and general welfare.

(2) Lifting the moratorium will not be injurious to the property or improvements adjacent to and in the vicinity of the proposal.

(3) Lifting the moratorium will be neutral or more beneficial as to environmental effects. Mitigations have been identified for the project that ensures such.

(4) Lifting the moratorium is consistent with the goals, objectives and policies of the Kittitas County Comprehensive Plan.

(5) One of the following has occurred:

(a) The site has been designated for an essential public facility as defined in this chapter or has been designated as a public facility on the Comprehensive Plan Map; or

(b) Is a capital facility of the state or its political subdivision necessary for the protection of a natural resource; or

(c) The landowner has provided evidence that a theft of timber or a fraudulent forest practice application has been submitted without his or her knowledge or consent.

(6) ~~The logging activities conducted on the site complied with requirements of the Forest Practices Act, including but not limited to replanting requirements.~~ It has been determined that the Department of Natural Resources (DNR), has no record of outstanding Final Orders or Decisions.

(7) There has been no intentional circumvention of the requirements of this chapter rendering the property ineligible for lifting a moratorium for its entire term.
