"Timber land" means land only and does not include a residential home site. The term includes land used for incidental uses that are compatible with the growing and harvesting of timber but no more than ten percent of the land may be used for such incidental uses. A timber management plan shall be filed with the county legislative authority either (a) when an application for classification as timber land pursuant to this chapter is submitted; (b) when a sale or transfer of timber land occurs and a notice of classification continuance is signed; or (c) within sixty days of the date the application for reclassification under this chapter is received. The application for reclassification will be accepted but not processed until the timber management plan is received. If the timber management plan is not received within sixty days of the date the application for reclassification is received, the application for reclassification shall be denied. If circumstances require it, the county assessor may allow in writing an extension of time for submitting a timber management plan when an application for classification or reclassification or notice of continuance is filed. When the assessor approves an extension of time for filing the timber management plan, the county legislative authority may delay processing an application until the timber management plan is received.
